

THE CHESTER GROSVENOR

SUSTAINABILITY POLICY

*We acknowledge our role in shaping a sustainable future for our guests, community and the environment.
We are committed to integrating responsible practices into all areas of our operations.*

ENERGY CONSERVATION

We commit to reducing carbon footprint and conserving energy resources

- Energy audits will drive continuous improvement and set reduction targets
- Energy-efficient LED lighting
- Heating, ventilation and air conditioning will prioritise energy efficiency
- Explore renewable energy sources to gradually transition to sustainable power

REDUCE REUSE RECYCLE

We commit to minimising waste and promoting resourcefulness

- Minimise single use plastics
- Implement waste separation and recycling programmes
- Repurpose and reuse materials wherever possible

WATER CONSERVATION

We commit to responsible water management

- Timely maintenance will detect leaks and minimise water wastage
- Monitor water usage and promote water-saving practices among staff and guests

PURCHASING AND PROCUREMENT

We commit to sustainable procurement

- Favour locally sourced, sustainable goods and services
- Use eco-friendly cleaning products and supplies
- Consider packaging and environmental impact in product selection
- Support Fairtrade and organic products and collaborate with sustainable suppliers

FOOD AND BEVERAGE

We commit to a sustainable food future

- Prioritise locally grown and seasonal ingredients to reduce food miles
- Adopt sustainable seafood sourcing practices to safeguard marine ecosystems
- Implement measures to reduce food waste
- Offer vegetarian and plant-based menu options

THE CHESTER GROSVENOR

SUSTAINABILITY POLICY

*We acknowledge our role in shaping a sustainable future for our guests, community and the environment.
We are committed to integrating responsible practices into all areas of our operations.*

GUEST ENGAGEMENT

We invite guests to be partners in sustainability

- Communicate our sustainability initiatives to guests
- Encourage guests to participate in energy and water conservation practices

COMMUNITY AND SOCIAL RESPONSIBILITY

We commit to engaging with our local community to create a positive impact

- Participate in local environmental initiatives and community outreach programmes
- Support local conservation organisations
- Contribute to local economic development via job creation and business partnerships
- Collaborate with local schools to promote sustainability education

IMPROVEMENT AND MONITORING

A culture of continuous improvement will drive our sustainability journey

- Regular monitoring and reporting of sustainability metrics
- Consistently review sustainability practices to identify areas for improvement
- Ongoing staff training programmes

STAKEHOLDER ENGAGEMENT

We commit to foster a collective commitment to sustainability

- Encourage employees, guests, suppliers and the local community to participate in sustainability efforts
- Establish feedback mechanisms to gather valuable input for further sustainability initiatives

COMPLIANCE

We commit to regulatory compliance

- Adhere to all relevant local, regional and national environmental regulations
